

TECHNICAL – GENERAL BACKSTAGE, ORCHESTRAL, AV EQUIPMENT

Loading Bay

The entrance is off Victoria Street (through the car park between the news agency and Fitzgeralds pub). Door Dimensions - Height 3m, Width 2.35m. Off load level is the same as the stage. A 48' triple has limited maneuverability but will be able to get in if the area is clear. Please advise on the size and number of your vehicles so we can make arrangements.

Dressing Rooms

There are four available. Numbers 1 (PS) and 4 (OP) seat at least 16 each. Numbers 2 and 3 seat 2 each. All with showers and toilets.

- Clothes Racks: 6 mobile racks with 1.8m of hanging space each
- Extra Chairs: 30 more are available in addition to dressing room seating
- Large companies may use the rehearsal room for additional dressing space
- 1 x commercial washing machine
- 1 x commercial dryer
- 1 x iron
- 1 x ironing board

Communications

- Jands TBS with 10 Outstations available between all technical positions
- Audio Telex BTR700 Wireless Communications with four beltpacks
- Video Monitor at S.M. Position OP, Rehearsal Room and Green Room

Please note that there is limited space for SM or ops on PS and no video monitor.

Orchestra Pit

The Orchestra Pit is raised and lowered via a rigid chain system. It consists of one section which may be used in the following configurations (Square One is at stalls level with seats on):

- At floor level with carpet and a total of 70 seats over 3 rows at auditorium level. This figure is included in the overall seating quoted
- An Orchestra Pit - 13.5 wide by 4.5m deep
- An extension of the stage at optional height (this has only limited lighting available).

Orchestra Equipment

- 20 Music Stands
- 24 Dark grey padded chairs readily available
- Additional 24 grey chairs available by removing Z row - this needs to be confirmed in advance with Box Office and variation from Square One will be charged.
- 30 x LED orchestral sconce lights, battery or mains power
