A rocking, outback adventure to find the great hiccup cure

It's a perfect, balmy night in the outback. A sleep-deprived camper, a cheeky quokka and an emu with a penchant for creating wild inventions, awake to discover that a koala has come down with a stubborn and ear-shatteringly loud case of the hiccups.

The three embark on an epic journey through the night that sees them frantically eat, sing and invent their way towards a cure before the sun comes up.

Hiccup! is a hilarious rocking musical extravaganza about working together, finding friendship and how to, once and for all, stop the hiccups.

"Hiccup is a winner... The kids were with them every step of the way, singing and clapping along, cheering the triumphs and lamenting the disappointments, and loving every bit of it."
